Notice Concerning Completion of Acquisition of Domestic Infrastructure Assets

Enex Infrastructure Investment Corporation (hereinafter referred to as the "EII") hereby announces that it has completed the acquisition of the assets described below (hereinafter referred to as the "Acquisition"), which was announced in the "Notice Concerning Acquisition of Domestic Infrastructure Assets" dated March 26, 2026.

1. Overview of Acquisition Description

Property Number (Note 1)	Property Name	Location (Note 2)	Acquisition Price (millions of yen) (Note 3)
S-10	Takasaki Solar Power Plant A (Additional Land Acquisition)	Takasaki City, Gunma Prefecture	358
S-11	Takasaki Solar Power Plant B (Additional Land Acquisition)	Takasaki City, Gunma Prefecture	1,131
Total (2 properties)			1,489

(Note 1) For "Property Number," solar power generation facilities are classified as S and assigned a number.

(Note 2) "Location" is stated based on the registry entry of the land related to the acquired asset (or one of the parcels if there are multiple). However, all locations are stated only up to the city, town, or village level.

(Note 3) "Acquisition Price" indicates the purchase price stipulated in the real estate purchase agreement for the acquired assets (excluding acquisition expenses such as outsourcing fees related to the acquisition, property tax, city planning tax, consumption tax equivalents, and other fees).

2. Other long-term liabilities

For an overview of the acquired assets in the Acquisition, please refer to the "Notice Concerning Acquisition of Domestic Infrastructure Assets" dated March 26, 2026.
